The Three main management committees (from Development Plan):

- **Golf Course Development Committee** - Gather and document all planning information that exists into a "Creston Golf Course Development Plan". Review this Plan by comparison to the present layout and recommend changes to the Executive Committee that would continue to define the Creston Golf Course as challenging and appealing to members and guests. The committee may consult with the original course designer or others as deemed appropriate.
 - Chaired by Club President and include: Club Superintendent & Club Professional
 - Directors: Virginia Harder, Tim Park, Dave Magrum, Leslie Harbison, Ted Moffat, Richard Allan, Don Price & long standing member Len Mosher.
- **Greens and Water Committee** - Ensure the Greens Superintendent manages his area of responsibility using an effective and efficient maintenance plan. All course improvements related to maintenance projects require approval of the greens / water committee. Any course design changes must be in accordance with the Course Development Plan and approved by the Board and / or the general membership.
 - Greens Chaired by Tim Park, Directors: Don Price, Superintendent: Devan Davidson

- Water Chaired by Don Vaillancourt, Directors: Richard Allan, Superintendent: Devan Davidson
- **Buildings and Parking Area Committee** - Review the existing assets of the Creston Golf Club for major repairs, additions and replacement. To project a 5-year plan of such major repairs, additions (include into Development Plan) and replacements on a priority basis with attendant current day costs, covering all buildings, building equipment, building services, access roads, parking lots.
