

As revealed previously, the 2020 golf season would start on May 1. Through the incredible efforts of our ground maintenance staff and the preparations to ensure safe access to pro shop and clubhouse, the course will be ready to open on **APRIL 25TH** at 7:00am. ***Absolutely no golf will be allowed prior to this time, only reserved tee times permitted.***

Booking a tee time will be by phone (one/day/member), any online bookings will be ignored. This procedure will be in place to allow for guests to be paired with members. Green fee guests will only be allowed to play our course with a member to ensure protocols are followed. Guests must phone the Pro Shop to make these arrangements. When distancing and socializing restrictions are relaxed, some of the protocols may be adjusted or removed. Fees and member dues must be paid before coming to the golf course.

It will be up to every member and guest to adhere to the protocols established. The club will be periodically marshalling the course to observe and ensure these rules are being followed. ***Frequent failure to observe our mitigation protocols will leave the Board with no choice other than to close the course for an indeterminate period.*** It is incumbent on all golfers to follow the protocols, thus maintaining a safe environment and sanctuary in the midst of this global pandemic. Please, do your part to allow all golfers to finally enjoy the outdoors and play the game we love."
