

Welcome to the 2020 Golf Season at the Creston Golf Club!

Our tentative start date for the 2020 season will be on Friday, May 1st. Our grounds staff have been maintaining the course to ensure we are in a position to open when the time comes. To avoid interruptions to play when we do open, grounds staff are aerating greens April 15 -17.

The Creston Golf Club is committed to promotion of a safe environment that contributes to the health & well-being of our community. Over the past several weeks, we have been following the advice from BC Health Authorities, Golf Canada, BC Golf, and the National Golf Course Owners Association of Canada regarding the Covid-19 outbreak. We recognize that the best practice is to stay home, and have promoted this by staying closed. We also recognize that golf can be played while keeping both golfers & employees safe from transmission of the virus. To ensure this happens the club has developed a list of protocols for golfers and staff to follow.

To begin and until further notice, the course will be open to members and their guests only (must play with member) with these strict protocols. Public play is important to us and we will be welcoming all golfers as soon as safe to do so. We will be monitoring daily and will provide information as soon as possible on our ability to expand our operation to all players as well as re-establishing our food & beverage services and full driving range options. We thank you for your patience.

We understand that the new protocols will change how many of our members and patrons have come to enjoy our facility, but assure you that they are necessary for the club to be able to operate during this unprecedented time.

Thank you in advance for your cooperation to ensure everyone's safety and enjoyment.

Board of Directors
